ELECTION TIMETABLE

The Wardmote, which is the meeting of the Ward where the Alderman is officially elected, must be held within 42 working days of the surrender of office of the existing Alderman. The exact date of the election will depend on a number of factors including the availability of the Lord Mayor who acts as Returning Officer for the election, and the availability of suitable accommodation for the Wardmote, Poll and Count.

Once the date of the Wardmote is fixed then the rest of the election timetable can be calculated. The election period itself starts with the publication of the Notice of Election not less than 25 days (not including Sundays and Bank Holidays) prior to the Wardmote.

Nomination papers will be made available when the date of the election has been determined.
